

WINDSOR TRIATHLON FILLS IN RECORD TIME

10 February 2007..... Award winning Royal Windsor Triathlon has filled in record time, with over 2,400 entries already accepted to compete on Sunday 17 June. Since its inaugural event in 1991, Windsor has grown to become a firm favourite in the triathlon calendar.

If you haven't managed to get your entry in, don't despair; you can still enter the race as we have made a number of places available through the Official Charity, Leukemia Research Fund.

John Lunt, Human Race Director said "Whilst it is fantastic to have closed entries so early, we would obviously love to be in a position to accept everyone. Our limitation on competitor numbers ensures the event retains its unique atmosphere and sees competitors return year after year. Leukemia Research is an extremely worthy cause and we hope that all our competitors will support them."

Windsor is the most picturesque triathlon in Britain, taking in the River Thames, The Great Park, Windsor Castle and Eton College. The event continues to win awards, winning BTA "Race of the Year" no less than 7 times.

For further information on Leukemia Research and entry forms contact Gavin Spencer on 020 7269 9096 or email gspencer@lrf.org.uk. LRF will provide a free race t-shirt and fundraising pack for all their competitors.
